Our Church

We would like to extend you a very warm welcome to Croxley Green Baptist Church and we hope you feel relaxed and at home here.

We are a community of people of all ages who are discovering that following Jesus makes sense and gives purpose to our everyday lives. We look to Jesus for God's new life and want to share it with one another and with the wider community of Croxley Green and wherever life's journeys take us. You are most welcome to join us as you journey through life. We believe that GOD IS Father, Son and Holy Spirit, creator, saviour and sustainer of the world, our source, goal and guide in life. Maybe you are just beginning to explore Christian faith and would like to know more? Please speak to any of us about the various ways you can find out more about what makes us followers of Jesus.

Lastly, but definitely not least, we are so grateful to the huge number of enthusiastic volunteers who keep all our groups and activities running, look after the church flowers and who keep our church clean and tidy.

Communion

We have an open table approach.

Anyone who has a love for Jesus and would like to share in communion is very welcome.

Discipleship Groups

We have six regular Discipleship Groups that meet on a fortnightly basis. Our groups meet on various days of the week, both during the day and in the evenings, mostly in people's houses (but we also have one that meets in the pub!)

Whatever your needs, I'm sure we have a Discipleship Group that would "fit you". Please speak to any of the Deacons if you are interested.

Christianity Explored

Periodically we run a course called Christianity Explored. Christianity Explored offers an introduction to the Christian faith in an informal setting in small groups where we look at the life of Jesus and his connection with our lives. Look out for details of when our next course will be.

EcoChurch

We recently achieved a bronze EcoChurch award. Please let us know if you are interested in becoming a part of the Church's EcoChurch Team where environmental issues are considered and we try to take positive steps towards making the church a more environmentally friendly place to be.
